

Maths

In maths, we will be focusing on revision for our SATs tests, followed by work which will help us when we go to secondary school – work such as: using a calculator, algebra and problem solving.

Year 6

Topic mat Summer term

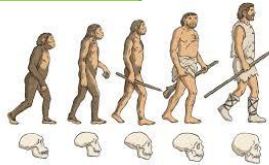

Literacy

Our Literacy work this term will be based on improving and perfecting our writing. We will focus on specific techniques in our writing to ensure the purpose and audience are really clear to the reader. We will be reading a class novel called Skellig by David Almond

PE

In PE, we will be competing in athletics events trying to beat our personal bests and we will also be playing rounders.

History

This term we will be focusing on a history unit. We will be learning about the Victorian era. The children will be finding out about Victorian life and in particular, why the Industrial Revolution was a turning point in British history.

RE

Our RE unit for this term is:

Islam – What does the Qur'an reveal to Muslims about Allah and his guidance. We will be exploring the Qur'an and finding answers to this big question.

Science

Our science unit this term is focusing on evolution and adaptation. We will look at the Theory of Evolution along with linking our learning to previous work completed about the Arctic and how animals adapt to the conditions they live in.

Computing

In computing we will be creating spreadsheets and using formulas.

Art and DT

In Art, we will be studying Georgia O'Keefe and Georges Seurat and creating art work in the style of both artists.

IN DT we will be designing, making and evaluating our own burgers and finding out where food comes from.

Music

This term, we will be exploring rhythmic patterns, dynamics, pitch and texture whilst composing our own music.
