Dear parents and carers

Our topic for the first half of Summer Term will be Out in the garden. The children are the BOSS of their learning and have already suggested some ideas. Please have a chat with your child and add any other activities for things they would like to do, find out about or make based on this topic. If you think you could help with any of the children's ideas, please let a member of the Early Years Team know. We would be grateful if you would return this brainstorm of ideas on Monday 25th April 2022. Thank you for your support in helping us to make learning interesting, fun and personal for your child.
